**OUR MISSION:** To nurture each child as a unique individual, created in the image of God, and to support their growth, development, and self-confidence in a warm and caring community.

**WHAT WE DO:** Grace Preschool engages in a play-based curriculum so that each child can develop his/her whole being - mental, social, emotional, spiritual and physical to his/her full potential. Children have class time dedicated to group time including calendar, weather, flag, story time and singing of songs as well as free choice time at our interest centers. Some of the activities we provide include opportunities for STEAM and pre-literacy development.

**OUR STAFF:** Grace Preschool has a unique blend of educated and experienced teachers who truly devote their time and energy to encouraging children to be their best and to strive in all ways. The extra time and care is given to support the needs of each individual child under our care. The teachers attend seminars and workshops throughout the year to support the ongoing importance of continual growth and education in the field. We have a creative and knowledgeable team that brings new and innovative experiences and activities to the classroom on a daily basis.
