

Using the Verizon Jetpack Hotspots

Powering on the Hotspot

Hold the power button (see image with blue arrow below) on the top of the device until the screen displays “MiFi” and a blue blinking light appears next to the screen.

Note: The device will automatically power off when not in use for 2 hours

Connecting to the Hotspot

On the back of the device, there will be a label displaying the **SSID network name** you can connect to on your wireless device.

This will either be:

DPPL_HOTSPOT01, DPPL_HOTSPOT02, or DPPL_HOTSPOT03

The hotspot will then prompt for a WPA2-PSK password to connect.

The password is:

librarymobile
